Sub : Resumption of operations - Expression of Gratitude

Due to the unprecedented flood that hit whole of the state of Kerala , Cochin International Airport was also flooded and the Airport Operations were suspended from 15 AUG 2018.

However , with the wholehearted support extended by your team to the team CIAL , we were able to resume normal Airport operations within a very short span of time and the first flight landed in CIAL at 1405 hrs on 29 AUG 2018.

The team CIAL is overwhelmed by the support extended by Naipunya team and whole heartedly express our sincere gratitude for your efforts in this mission.
